

ELECTRICIAN'S COMBO KIT

TECHNICAL DATA

This REED ST-ELECTRICKIT electrical test combination kit consists of all of the tools you require for your electrical needs. All items can be purchased separately as required.

FEATURES

REED R5020 AC Clamp Meter with Temperature

- Measures AC current, AC and DC voltage, resistance, capacitance, as well as temperature with the included Type K thermocouple probe
- 4000-count LCD displays low battery and overrange indications
- Diode test and continuity check

REED R5006 Digital Multimeter

- Pocket-sized, auto-ranging digital multimeter
- Measures AC/DC voltage and current, resistance, frequency, capacitance and duty cycle
- Diode test and continuity check functions

REED R5100 Non-Contact Voltage Detector

- Detects voltage from 100 to 600 VAC without contact
- Built-in flashlight with on/off button
- Flashing red LED indicator
- For use on 50/60 Hz circuits

REED AD-1 Thermocouple Adapter

- Converts and type K temperature probe with a mini connector to standard 3/4" banana jacks

REED TL-88-1 Test Leads

- Flexible silicone insulated safety test leads are heat and cold resistant
- Distinctive comfort grip test probes with stainless steel tips

REED TP-01 Type K Thermocouple Wire Probe

- Includes AD-1 temperature input adapter

REED C-883R Carrying Case

- 11"L x 9"W x 2"D

ORDERING INFORMATION

ST-ELECTRICKITElectrician's Combo Kit
CERTICM1.....R5020 Calibration Certificate
CERTIMM1.....R5006 Calibration Certificate
